April, 21 2009

To Whom It May Concern:

This letter of introduction and recommendation is for one of the most capable construction and maintenance contractors in the Southern Louisiana area.

I have had the pleasure of working with Battco Construction & Maintenance, Inc. on the Jefferson Parish Community Health Dental Center. I am very impressed with their ability to provide many of the construction requirements with professional in house staff and the high quality subcontractors. They were very respectful of the work area in an occupied building while fulfilled their contractual obligations in a timely manner.

Battco Construction & Maintenance, Inc. has demonstrated the financial and production capabilities to facilitate the 1,962 sq. ft. renovation and the addition of an equipment and backup power generator. Without hesitation, I recommend them for architectural, medical, commercial, and industrial work.

If additional information is needed, please contact my office.

Sincerely,

Marvin Alexander
